Nos. 304, 306, 308 and 310 North Seventh Street,

BROOKLYN, N. Y.

GENTLEMEN :

In presenting to you my new Catalogue of Cemetery Goods, I have aimed to make it, for the convenience of my customers, as complete as possible.

Attention is called to my new patterns of **Gates and Railings**, and especially to my **New Designs in Settees, Chairs, Vases, etc.**, which, while in strict keeping as to adaptation for lawns and cemeteries, are both unique and elegant.

My facilities for the manufacture of the above have been largely increased during the last few years. With the force of skilled workmen which I constantly employ, and stock on hand, all orders will be executed with promptness, despatch and in the best manner.

By doing my own galvanizing, and giving all work my personal supervision, I am enabled to give first-class goods in every respect.

In addition to the goods shown in this Catalogue, I also furnish Chain, Bars and Pipe cut any size and length to order, Lifting Bars of both Pipe and Iron, Chain Gates, Pipe Enclosures for graves and plots, and Wrought-Iron Gates; also Lead in ingots.

I invite attention to the following pages, solicit correspondence, and will be pleased to furnish estimates.

Thanking you for past orders and hoping for a continuance of your esteemed favors, I remain,

Yours truly,

PETER TIMMES' SON.
